Palmer,

I will be out of office in the morning, not expecting to be back until about 2:30. I would like to buzz through this, but if you don't have time to do separate meetings with both Chris and I, meet with him in am, and I'll touch base with you informally in the afternoon.

Dave

Tomorrow's looking ugly for me, but the morning is better than the afternoon.

Dave/Brian/Chris:

See heads up note below from Michael Szerlog. Briefing materials are coming tonight, we provided a great deal of staff level input on them. It looks like Dennis and Richard are planning to tag team the Deputy' briefing on Friday.

Ex. 5 - Deliberative

Let me know when y'all have time tomorrow and I can walk you through the short powerpoint and briefing paper that will be coming tonight.

Thanks, Palmer

Palmer,

We are getting closer to having completed briefing materials. Tentatively, Dennis will present the 7 page powerpoint overview and Rick will present the more detailed Watershed Analysis briefing paper. We should be able to share both with everyone in a few hours.

Note: We do not have some of these briefings on our calendars and therefore do not know call in numbers. See below in blue/red.

Thanks

Subject: Bristol Bay Briefing Schedule?

Ann:

I hope you are well and enjoying your work in the Administrator's office. I was hoping you might be able to confirm some or all of the following schedule that I have been piecing together for the upcoming series of briefings on Bristol Bay.

Any feedback you have would be helpful as we plan, prepare briefing materials and prepare participants.

Thanks, Palmer
